RE: Dunn/Erwin Landfill
Subtitle D Site Application

Dear Mr. Coffey:

McKim and Creed Engineers, on behalf of Harnett County, NC, hereby submits a request that NC DEHNR cease any further review or consideration, at this time, of the Dunn/Erwin Subtitle D Site Application that was submitted to your office in October 1995. It was determined that a ground-water contaminant plume has migrated into the proposed footprint area of the landfill. Due to this, and other concerns, it was decided rather than pursue this site any further, to transfer the waste to another landfill.

Harnett County could possibly request that NC DEHNR either reinstate review of the application in the future, or submit another site application altogether for a different location. This action is not being contemplated in the near future.

Should you have any questions regarding the above information, please feel free to contact me.

Sincerely,

MCKIM & CREED ENGINEERS, P.A.

Thomas J. Wainwright, P.E.
Project Engineer
